One Day 4-H

One Day 4-H began in 2009 as way for 4-H members to show their appreciation to their communities, counties and state.

One Day 4-H was held on Oct. 8, 2016 in every county across Texas. This year, our clubs served at food distribution centers, donated school supplies, collected canned goods, gathered Thanksgiving meals for those in need and promoted 4-H.

We are so proud of all of you who took the time to give back to your community.

All Major Livestock Show entries and payments are due to the Extension Office by Nov. 15. Major Livestock Shows include the Houston Livestock Show and Rodeo, San Antonio Livestock Show, Fort Worth Stock Show, Star of Texas Fair and Rodeo (Austin) and San Angelo Stock Show and Rodeo.

If you have any questions or need assistance please call the Extension Office and ask for Monica!

HALLOWEEN SAFETY TIPS

American Red Cross Halloween Safety Tips:

These "Lucky 13" safety tips are for parents to share with their trick-or-treaters to prevent injuries at Halloween.

- Plan your route and share it with your family. If possible, have an adult go with you.
- Wear light-colored or reflective-type clothing so you are more visible. (And remember to put reflective tape on bikes, skateboards and brooms, too!)
- Use face paint rather than masks or things that will cover your eyes.
- Cross the street only at corners.
- Look both ways before crossing the street to check for cars, trucks and low-flying brooms.
- Don't hide or cross the street between parked cars.
- Walk, slither and sneak on sidewalks; not in the street.
- Carry a flashlight to light your way.
- Only visit homes that have the porch light on.
- Use a light stick instead of a wick! Candles used in pumpkins are a fire hazard. (Also, keep in mind that costumes can be extremely flammable.)
- Accept your treats at the door and never go into a stranger's house.
- **Be cautious of strangers and animals.**
- **Have a grown-up inspect your treats before eating.** And don't eat candy if the package is already opened. Small, hard pieces of candy are a choking hazard for young children.
